The Center for Effective Philanthropy

The Center is a nonprofit, non-partisan organization that received initial funding in the summer of 2001.

Mission

To improve the practice of philanthropy by providing management and governance tools to define, assess, and improve overall foundation performance.

Vision

A world in which pressing social needs are more effectively addressed. We believe improved performance of funders, and in particular foundations, can have a profoundly positive impact on non-profit organizations and the people and communities they serve.
