DEI Information

In order to further the McKnight Foundation's mission to improve the quality of life for present and future generations, it is imperative that we address disparities and inequities within our organization and through our work in communities. Towards this end, we have made an [organizational commitment to diversity, equity, and inclusion](#). We see an ongoing need to gather information and invite a conversation with our applicants and grantees that explores the following questions:

1. Are the organizations that we fund diverse and inclusive relative to their context?
2. Do our grants help to decrease disparities and/or advance equity?
3. What and whom are we missing?

Please assist us by providing the information requested below to the best of your ability. We particularly encourage you to use the narrative boxes to provide more information about your work as it relates to diversity, equity, and inclusion. Working definitions are linked or included below. Click [here](#) to read our blog post providing more information about this work.
